Thanks for meeting with me at 7 Seaview in Jamestown regarding drilling a new well.

As per our discussion, we would not be able to drill another well at your location. Due to existing septic system, placement of the house, etc we would not be able to get out rig onsite and/or have the proper setbacks required by the State.

If I can be of any further help, please let me know.

You can call me on my cell at 787-2284.
