

WATER ALLOCATION PROGRAM DEVELOPMENT WATER-USE REPORTING COMMITTEE MEETING

7/9/2003
9:30 AM

University of Rhode Island, Narragansett Bay Campus
CACS 108

AGENDA

Session Focus: Application of Reporting Elements/Thresholds to RI -
discussion of data capture versus gaps for different reporting scenarios (Take 2).

- 1) **Review Water-Use/Withdrawal picture for Wood-Pawcatuck and Blackstone – per WSSMPs and USGS studies for State and pilot basins – how big is the pie for each basin and the State?**
- 2) **How much of the pie are we missing and what constitutes a “significant” gap**
 - a) What % of water use is captured through WSSMP - Kathy Crawley & Emily Wild
 - b) Surcharge program data – Connie McGreavy
 - c) Identify categories with significant data gaps in each basin
- 3) **Addressing Significant Data Gaps**
 - a) Compare estimated versus metered data: part 2 - agricultural users - Jim Campbell & Emily Wild
 - b) Identify preferred approach for each category
 - c) Identify thresholds if needed
- 4) **Other Responsibilities**

Report Outline – Anne Veeger
Supporting text for individual tasks from last month - everyone
Agricultural Reporting – provide copies of RI DEM Agriculture Statistics - Al Bettencourt
Copies of water use summary tables for Wood-Pawcatuck and Blackstone – Jim Campbell
Revise matrix information - Joe McLoughlin & Connie McGreavy
- 5) **Tasks for July meeting**
- 6) **Schedule next meeting**

Date

Anne I. Veeger
Department of Geosciences
University of Rhode Island

The meeting place is accessible to the handicapped in conformance with RIGL 42-46-2. Minutes of the

meeting will be posted to: <http://www.seagrant.gso.uri.edu/scc/wrb/index.html>.
